Reminder – Declaration of Interests

Members should consider the following interests and whether they have any they should declare.

Personal interests:

Where it might reasonably be regarded that a matter will affect the well-being or financial position of you, a member of your family, any person with whom you have a close association, or any person or body with which you or they are involved or in which they have a relevant beneficial interest, to a greater extent than the majority of people affected by the decision.

In this case you should declare the interest and state the nature of it.

Personal and Prejudicial Interests:

Where a personal interest is thought to be so significant that a member of the public, with knowledge of the facts, would consider it likely to prejudice the member's judgment of the public interest.

In this case you should declare the interest, state the nature of it, and leave the meeting room.

Further information can be found in the Council's Code of Conduct. If you are in any doubt as to whether you have an interest you should seek advice before the Committee meeting from either Richard Shortman or Stephen Lawrence.
